PERSONAL PROFILE

- My personality leads me to be enterprising and ambitious to be able to exploit all my knowledge to make my way into the world of work. I study to pursue my dream of becoming an electronic engineer.
- My hobbies are: traveling (I visited Southern Ireland in 2018 and Canada, Ontario in 2019 for vacation), I love music (I play the guitar) and use video and photo editing programs
- I will be available to evaluate any favorable employment, also abroad, starting from the end of June 2023
