Information processing	Communication	Content creation	Safety	Problem solving
Basic user	Basic user	Basic user	Basic user	Basic user

Digital competences - Self-assessment grid

#### Additional information

After High School I will study at University, but I also want to be part of the working world. Theoretical and practical knowledge acquired through my Diploma of Energy Expert consist in projectind and producing air conditioners, construction and installation of photovoltaic systems, use of thermocamera, automation and industrial robots, knowledge of internal combustion engine, use of lathe and CNC, using programs for PLC actuators, Autodesk programs.

I also had a first approach to the business world through the stage at Euromecc.
